Karndean LooseLay

Easy Installation | No Expansion Gaps

Premium LVT

Stylish Design. Exceptional Durability.

Inspired by wood and stone from around the world, our premium LVT is available in hundreds of designs and three installation formats – including Karndean LooseLay, which combines the easy installation of a floating floor with the design flexibility of gluedown.

Karndean-Built For Superior Performance

K-Wave® Friction-Grip Backing
Keeps flooring in place – no full-spread adhesive required.

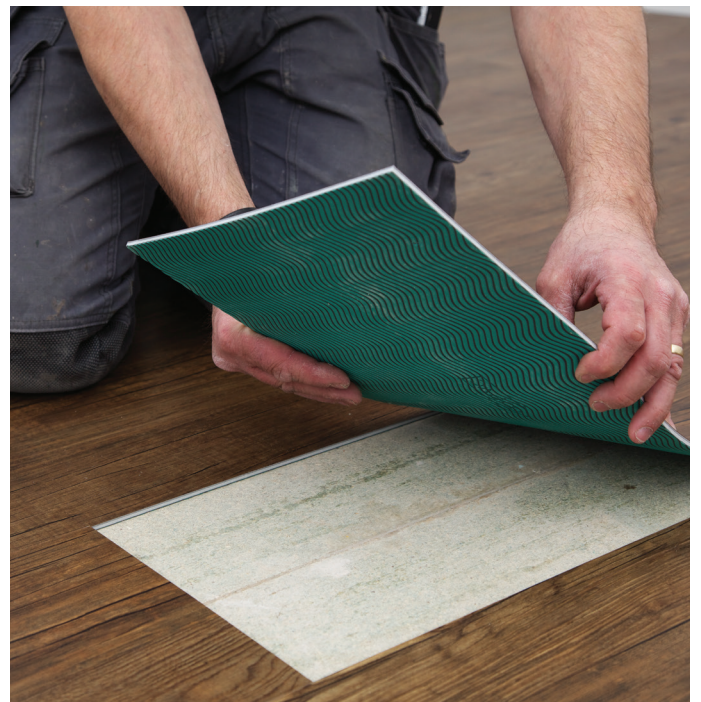

SureFit™ Technology
Provides dimensional stability, eliminating need for expansion gaps.

Quieter Environments
At 4.5mm thick, reduces noise to lower floors by 16 dB.

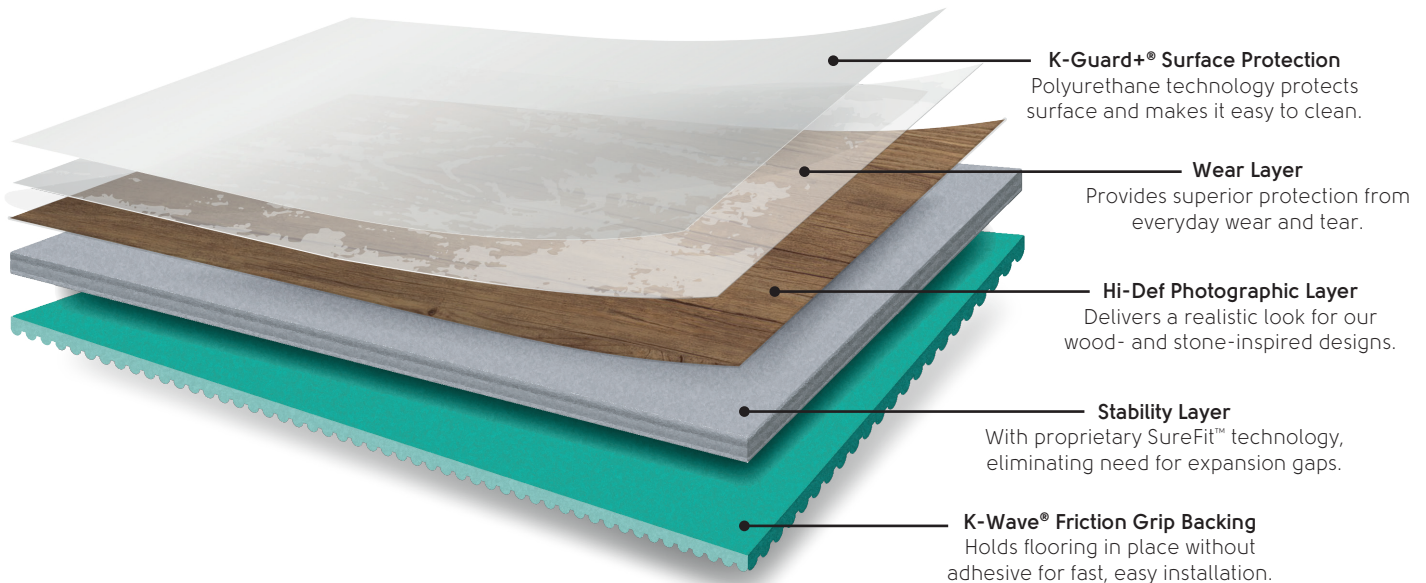

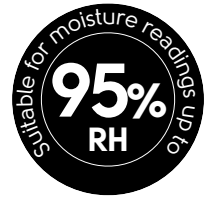

Individually Replaceable
Pieces are easily removed, individually replaceable and can be reused.

Karndean LooseLay

Karndean LooseLay premium LVT combines the easy installation of floating floors with the design flexibility of gluedown, as planks and tiles can be cut to create zoning and wayfinding.

- Great for commercial environments including multi-family, modular builds, education, exhibition spaces, healthcare facilities and retail stores.
- SureFit™ technology provides extra dimensional stability, eliminating need for expansion gaps.
- Planks and tiles can be cut to create patterns or zoning. At 4.5 mm thick, Karndean LooseLay transitions easily to most carpet tile.
- Provides our best level of cushioning and reduces noise transfer from upper to lower floors by 16 dB.
- Planks and tiles are easily removed, individually replaceable and can be reused. LooseLay is ideal for temporary spaces like pop-up shops.

LooseLay Colors

Pure Danish Oak LLP357

Warm

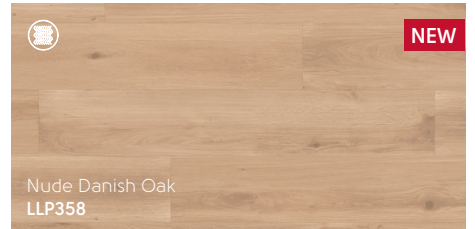

Flooring in warm tones works well for a timeless design approach. Brownish hues can be used to create a welcoming ambience in your space.

Cashmere Oak LLP353

Neutral

Neutral-colored flooring provides a clean foundation for designing the entire space. It's a smart choice if furniture and decor will be changed out as different tenants occupy the space.

Color and Pattern Reproduction

We are careful to make sure our brochures are accurate and printed to very high standards, but photography and printing cannot always create a perfect representation of our products. For this reason we strongly recommend that you look at a sample of any product you are considering before placing your order.

All of our products are inspired by things we have seen in the natural world. Just as variation in color and detail is part of the unique beauty of natural materials, it is also a feature of many of our designs. This means that with some of our products you will see natural variation when your floor is laid. If in doubt, ask to see a larger sample of the product.
