Ronald McDonald House Charities

Healthcare case study

"Ronald McDonald House Charities (RMHC) North Australia supports seriously ill children and their families throughout their health care journey. We play a unique role in enabling, facilitating and supporting family-centred care. RMHC North Australia provides five practical care programs for families with a seriously ill or injured child; our hospital adjacent Ronald McDonald House, our in-hospital Ronald McDonald Family Room, our Ronald McDonald Family Retreat, our Ronald McDonald Learning Program and our RMHC Hospitality Cart. These programs help ensure sick and injured kids can live their healthiest lives." - Rachel Dover
Communications & Marketing Coordinator RMHC North Australia.

"RMHC North Australia was after a hygienic and practical flooring solution for our Ronald McDonald House in Townsville. The original floors were a traditional carpet that was practical for its time but due for a change."

"Since the pandemic, hygiene considerations are only more critical, especially considering the vulnerable patients who stay at Ronald McDonald House. We chose to install timber-look vinyl floors as these are easier and faster to clean than our original carpet. The refreshed floors also promote a welcoming and calming space for families staying at our Ronald McDonald House; families who are often experiencing one of the most stressful times in their lives."

Sector: Healthcare
Client: Ronald McDonald House Charities
Contractor: All Floors Townsville
Location: Douglas, QLD
Area: Approx. 1000m²
Product used: LooseLay Originals Hartford LLPI12

GreenTag™ Excellence – Our LooseLay Originals range receives a GreenTag™ Level 'A' rating for quality sustainable building materials, and GreenTag™ LCARate Silver certification, recognising commitment to safeguarding the planet's biodiversity, ensuring the well-being of workers, and maintaining environmentally friendly manufacturing processes. Additionally, we are the first Australian LVT supplier to achieve Best Environmental Practice PVC in 2015.

Hartford LLP112

"We installed the flooring in our Office Space, Ern Harrison accommodation wing, and Glencore Wing. As a not-for-profit charity, we needed flooring that fit within our strict budget, while offering durability and practicality.

The installation of hygienic, easy-to-clean flooring in our most loved 18-year-old spaces provides long-term sustainability of a 'hygienically sound' House that lends itself to contemporary cleaning practices. Replacing our 18-year-old carpets and floors with durable, hygienic, easy-to-clean vinyl flooring will ensure long-term cleanliness for our families."

"The new timber-look vinyl floors also offered an aesthetically calming look and feel, promoting an inviting space for guests at Ronald McDonald House. Families who are traveling far from their homes to take care of a seriously sick or injured child are often dealing with significant mental stress. Creating a welcoming home away from home environment is critical to ensuring our families can enjoy a homelike space that is only a short walk away from the hospital."

"This vinyl flooring gives a more homely and welcoming feel. This is incredibly important as approximately 400-500 families call our hospital-adjacent House their home every year."

Focus on style

The refreshed floors promote a welcoming and calming space for families

Formats

We offer three types of product formats: Loose lay, rigid core and gluedown.

Loose lay

Karndean LooseLay features our K-Wave® friction grip backing which helps hold the product to the subfloor without adhesive, making it quick and easy to install. Ideal for underfloor access panels and temporary roomsets, each plank can be lifted individually where required.

LooseLay Originals

1050 x 250mm plank, 500 x 610mm tile

LooseLay Longboard

1500 x 250mm plank

K-Guard+® Surface Protection
Clear PVC Embossed Wear Layer
High Definition Photographic Layer
Stability Layer
K-Wave® Friction Grip Backing

Rigid core

Our rigid core ranges are ideal for installations where acoustics, uneven subfloors or preservation of existing hard floors need to be considered. A click-locking mechanism allows for quick installation and the preattached backing eliminates the need for a separate underlayment.

Korlok

1420 x 225mm plank, 457 x 600mm tile

Van Gogh

1220 x 180mm plank

Knight Tile

1220 x 180mm plank, 305 x 457mm tile

K-Guard+® Surface Protection
Clear PVC Embossed Wear Layer
High Definition Photographic Layer
Stability Layer
Locking Mechanism
K-Core®
Acoustic Backing

Gluedown

Our gluedown ranges offer our widest choice of colours and formats. Features such as textured emboss or our premium handscraped finish, wide bevels or flat edges make each range unique to Karndean Designflooring.

Art Select

228 x 76mm, 915 x 152mm, 1219 x 178mm plank

Van Gogh

1219 x 178mm plank

Opus

915 x 152mm, 1219 x 228mm plank, 457 x 610mm tile

Knight Tile

1219 x 178mm plank, 305 x 305mm, 305 x 457mm tile

K-Guard+® Surface Protection
Clear PVC Embossed Wear Layer
High Definition Photographic Layer
Stability Layer
Backing Layer

Why choose a loose lay floor?

Loose lay is a format of luxury vinyl flooring featuring our K-Wave® friction grip backing that holds the product in place. No clicking. No locking.

Boasting the realistic designs and grain details customers expect from Karndean, loose lay is available in large-scale wood look planks and stone look tiles and can help you create a look that works in almost any space. What's more, it's easy to install and can be laid over most existing hard floors with the use of tacky or hard-set adhesive. Oh, and it's 100% recyclable!

*Tacky or hard set adhesive may be required for most applications, please refer to installation instructions.

The benefits of Karndean Loose lay

Individually replaceable

Should you need to replace a piece, simply lift the damaged plank or tile and replace with a new one.

Quick and easy to install

All you need is a sound, smooth, dry and dust free subfloor. Our loose lay ranges can be fitted over most existing hard floors*.

Acoustic qualities

Our loose lay ranges are perfect for projects where you want to reduce noise levels in the room below, such as playrooms, bedrooms and garage/ loft conversions without the need for underlay.

K-Wave friction grip backing

Our K-Wave® friction grip backing creates a strong bond to the subfloor using a combination of weight and friction.

With all the added benefits of Karndean luxury vinyl flooring...

Karndean Evolve™

Karndean's commitment to creating a more sustainable future is a continuing journey, and there are no shortcuts. But Karndean know now is the time for everyone to begin taking bigger steps. Karndean's is a promise to think differently, act decisively, and create real change.

It's a promise to Evolve.

Five decades ago, the Karndean family-owned business was founded on innovation, bold action and a pioneering spirit. Fifty years later, those same ideals guide them forward. Because the future demands change.

Visit karndean.com/evolve for more information.

Confront climate change

Karndean's products prioritise sustainability through remarkable longevity, with a guaranteed service life of 35 years for domestic use. This extended durability has a significant positive environmental impact over time, promoting an eco-friendlier future.

Health & wellbeing

Karndean's products prioritise wellbeing, surpassing mere aesthetics. Free from harmful substances like heavy metals and unsafe phthalates, they're certified for indoor air quality post-installation. Our dedication to healthy interiors extends to using water-based or solvent-free adhesives, minimizing VOC emissions. Your health and comfort are central to Karndean's designs.

Inclusion & diversity

Third-party certifications for environmental and social responsibility, including fair treatment and safe conditions for workers. Karndean's factories prioritise recycled materials and recyclability, to ecofriendly product packaging, setting the benchmark for environmental responsibility. Certified manufacturing adhering to ISO 14001 and ISO 9001 standards.

Sustainable use of resources

Karndean prioritise the use of recycled materials in their products, with all of them incorporating up to 50% recycled PVC in their backing layers, sourced from post-production waste. We validate our contribution to reducing landfill and promoting recycling.

Inclusion & diversity

We prioritise equity, inclusivity, and diversity, fostering them through engagement and education. In our workplace, we celebrate everyone's contributions as responsible corporate citizens. These values influence our environmental policies, responsible sourcing/trading, and contributions to communities. Our founder's principles still shape our commitment to responsible operations.

Inclusion & diversity

We educate employees about the importance of sustainability, helping them understand what role they play and devise new ways of working. By conducting CPD classes and speaking engagements with organisations like the Green Building Council of Australia, we actively contribute to the training of professionals in the design, construction, and built industries.

Karndean Resources

Imagery and Design Reproduction

Photography and print cannot always produce a perfect representation of our products. This includes colour, pattern variation and installation elements used. For this reason we strongly recommend obtaining a product sample and where possible viewing a larger sample in-store. We also recommend visiting our website for information on installation, after care and product selection: www.karndean.com/advice. We love developing new ideas and improving on our existing designs which means that sometimes products are withdrawn at short notice. We hate to disappoint and will work with you to find an alternative design. Please contact Customer Service for more information.
